OLLI0005 - OLLI Steel Drum Band - BEGINNER

Osher Lifelong Learning Institute

Course Description

This musical journey to the Caribbean is a hands-on experience where you will learn how to play the steel drums. During the seven-week term, we will approach proper playing techniques, which we will apply by learning a song. History of the art form and its birthplace will be discussed in class, along with easy "homework" assignments (short YouTube videos, articles, listening examples). Your success and enjoyment in the band, as well as the band's success, is dependent on regular attendance. Everyone in the band plays an important role. Please make every effort to attend each class. Come join us for a low-stress, fun musical adventure! Recommendations for enrollment: No musical experience needed but helpful; able to stand for 60-75 minutes; reasonable mobility in fingers, wrists, and arms; willingness to practice before class recommended if needed. **Limited to 14 participants.**
